

# CAPABILITY STATEMENT

MISSION-FOCUSED IT  
DELIVERED WITH PRECISION

## WHO WE ARE

Spahr Solutions Group, LLC is an SBA-certified SDVOSB and WOSB that delivers secure, scalable IT solutions for cyber strategy, enterprise transformation, cloud engineering, and mission software. We integrate DevSecOps, automation, and advanced analytics to help government and commercial clients modernize with speed, precision, and impact.

## PROVEN PERFORMANCE

### DEA:

Spahr provides agile application development services supporting all functions within the Drug Enforcement Administration since Spahr's founding.

### USDA:

Spahr provides agile application development support for the Department of Agriculture Farm Production and Conservation Division.

### DTRA:

Spahr provides support to the Defense Threat Reduction Agency Cybersecurity Support Provider (CSSP) Detect Team located at Fort Belvoir where we monitor network traffic and identify unauthorized access. We also support the DTRA asset management program in Albuquerque, NM.

### ABMC:

Spahr provides internal investigations Subject Matter Expertise (SME) support to the American Battle Monuments Commission.
